

Title: Providing direction for Instagram and Facebook marketing.

Description:

Our 90% customers are coming from Instagram, we want to launch or post Instagram advertisement each week to increase the sale. We need to know what contents we should have ready, guide us properly so that we can reach out to more people to increase the sale.

We need to know what kind of contents or requirements you need from us to post the advertisement, which can bring more consumers on the main website. Your work must be result oriented.

If you need any assistance with graphics designer, or creative content writer, we can proceed with this as well.
